

LABOR AGREEMENT

EXCLUSIVELY AVAILABLE

to the Pentair PRO Dealer

Dear Pentair Pro Dealer

The Pentek® Profit Protector program has been expanded to include the Pentek XE-6, 3 phase, submersible motors. The program will be effective on Pentek XE-6 3 phase submersible motors installed through December 31, 2015.

The Pentek Profit Protector program is a comprehensive Labor Agreement made available to Pentair Pro Dealers who have installed a Berkeley® branded submersible turbine pump with a Pentek XE-6 3 phase submersible motor.

The Pentek Profit Protector program **will reimburse you for limited service costs incurred during the first year of installation for pulling a Pentek XE-6 3 phase submersible motor that has failed due to faulty parts or workmanship, and reinstalling a new Pentek XE-6 3 phase submersible motor.**

This labor agreement applies to clean water agricultural water well applications only. Submersible filtered effluent applications are excluded.

The Pentek Profit Protector labor agreement service fees are limited to those outlined in the table. This agreement does not cover preventative maintenance, undiagnosed system failures attributed to pipe, cable, controls, misuse, misapplication, use of products other than Pentair products, or repairs or adjustments other than by Pentair Pro Dealers.
